Dot2sr-H **WOON** Vibrating Woofer Speaker System for Home Theaters

Vibrating Woofer Speaker System for Home Theater

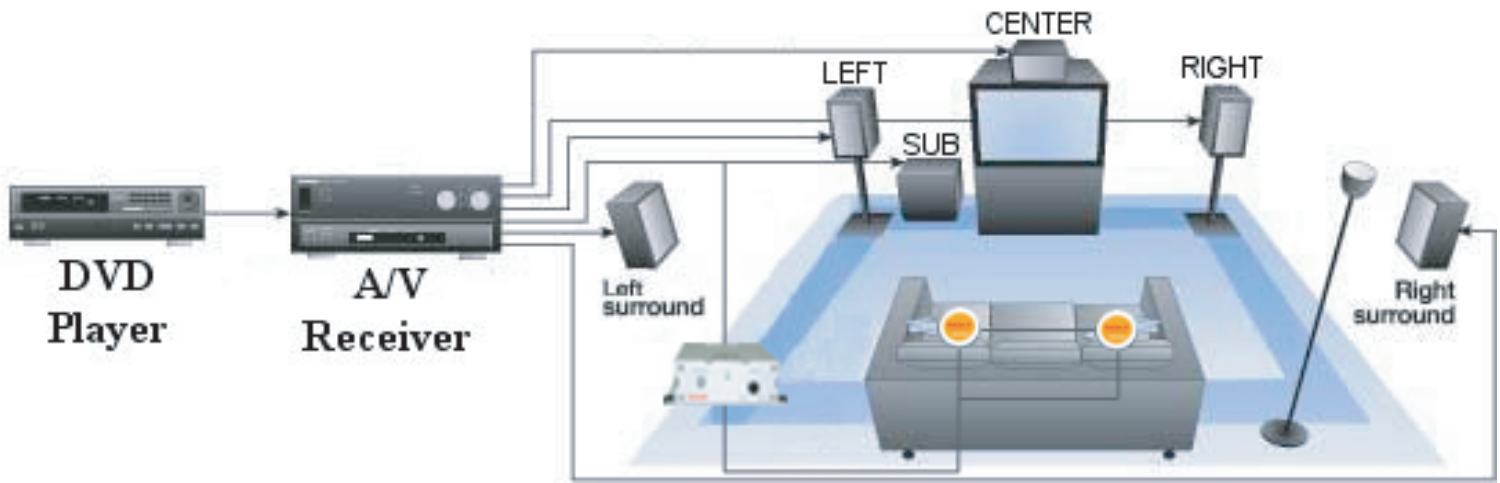

Our Vibrating Woofer Speaker is a whole new system adopting vibrating speakers under and back of the seats and linking AV receiver and vibrating amplifier to make user feel bass physically.

When you watching DVD or Listening Music, have you ever thought to get the feeling of physical effect as like bass of music, explosion... etc.? So, many people volume up and up when they listen music and watch movie. This system can give the best satisfaction to you customers.

Listen to the music with your ears closed after installing Vibration Sensible Bass System, and then you can see how to feel the bass with your body.

If you have Home Theater System already, our Vibrating Woofer Speaker System will take you to REAL LIVE SENSATIONAL WORLD as you stand at the field of movie. It might install into your Home Theater Seat and conect your AV Receiver sub-woofer channel with Dot2sr WOON Amplifier and enjoy DVD Movie and Concert.

If you can not understand it well, please visit Home Theater Shop near your place and try to get experience our Dot2sr WOON Vibrating Woofer Speaker System. Dot2sr WOON have 2 channel Amplifier and 2 X 2 Ohm Vibrating Woofer Speakers required each channel. If you have only one single home theater seat, you just buy 2 X 2Ohm speaker set and after you can buy Vibrating Woofer Speaker own additionally.
